

My wife and I have bred Suffolk sheep for the past 31 years. We are the owners of LynLee Farms and raise registered Suffolk sheep, club lambs, club calves and club pigs.

Being a director has been a fulfilling job and I have tried to represent my district by communicating with the members, using their recommendations as best I can and making decisions that will benefit the members of the USSA. I would also like to see some younger members elected to the Board of Directors who would have new and progressive ideas.

It is imperative that the USSA strongly support the Junior Association by helping them grow in knowledge and numbers. Without a strong junior association, the Suffolk breed will not continue to grow. We need to have more local shows for easier access for the junior's participation such as the Keystone Classic in PA and the New England Show in West Springfield, MA.

If elected I would appreciate it if members would contact me with any ideas that they might have that would move the Suffolk breed further ahead.

Thank you for your consideration and your vote.

Sincerely,
